

# CMASAS K-2

## A CARING, PERSONALIZED ONLINE ELEMENTARY EXPERIENCE

Christa McAuliffe Academy School of Arts and Sciences (CMASAS) is a fully accredited, mastery-based private school serving students in over 30 countries.

Our K-2 program is designed to meet each child where they are academically, emotionally, and developmentally, while giving families the flexibility, support, and peace of mind they deserve.

Right for Your Student?](#)

## CMASAS Commitments:

### EVERY PATH, PERSONALLY DESIGNED

Learning that adapts to each student's unique pace, style, and goals.

### A COMMUNITY THAT CARES

Trusted relationships that nurture both academic and emotional growth.

### MASTERY FOR A CONNECTED WORLD

Self-paced, inclusive learning that inspires confident, real-world contributions.

## CORE SUBJECTS AND ELECTIVES (K-2)

Our elementary curriculum is diverse and engaging, providing a robust foundation in all core subjects while allowing students to explore their interests through electives that foster creativity, physical wellness, and technical skills.

### Language Arts

- Language Arts: Reading, writing, phonics, storytelling

### Math

- Math: Numbers, operations, problem-solving

### Science

- Science: Inquiry, nature, simple experiments

### Social Studies

- Social Studies: Community, culture, geography

### Electives

- Electives: Art, physical education, coding, and more

# Why Families Choose CMASAS for K-2

## PERSONALIZED LEARNING, RIGHT FROM THE START

Every child follows a Personalized Education Plan (PEP) guided by a caring Personalized Education Coach (PEC) who works closely with parents to adapt learning to each student's pace, strengths, and interests.

## A TRUE PARTNERSHIP WITH PARENTS

In grades K-2, we believe in shared success. Parents stay actively involved in daily learning, while CMASAS provides the curriculum, pacing, assessments, and expert support of a fully accredited school. You bring your values, encouragement and presence—Your Personalized Education Coach (PEC) brings structure, guidance, support, and care.

## FLEXIBLE & FAMILY-FRIENDLY SCHEDULES

Students take four core courses and one or two electives, working 2-3 hours a day in short, focused learning blocks. Families can adjust their weekly rhythm to fit their routine, travel, or time zone, learning from anywhere, anytime.

## MASTERY-BASED GROWTH

Children progress at their own pace, moving forward once they reach 80% mastery. Whether your child is ready to accelerate or needs a slower pace, we tailor instruction to build confidence and understanding.

## CREATIVE, HANDS-ON LEARNING

Our lessons include art, music, projects, voice recordings, and interactive assignments that make learning fun. Students also learn early tech and communication skills through our safe, easy-to-use platform.

## CONNECTION AND BELONGING

Even online, students experience a warm community through weekly homerooms, clubs, and virtual assemblies—with opportunities for in-person gatherings and graduation celebrations.

## SAFE, VALUES-ALIGNED LEARNING

Ideal for families concerned about in-person school safety, vaccination mandates, or local curriculum constraints.

## IDEAL FOR TRAVELING FAMILIES OR EXPATS

Our asynchronous model and global support team make it easy to learn from anywhere in the world.

## A PROGRAM THAT GROWS WITH YOUR FAMILY

Most families choose our Essential Care Plan for K-2. You can add "Power-Up" options for extra PEC support or enrichment as your child's needs evolve.

# Personalication™

A Personalized Education Philosophy

## Personalized Learning, Right from the Start

Rooted in our Personalication® approach, we customize learning to your child's pace, passions, and goals, while partnering with parents every step of the way. We are a global community, serving families in over 30 different countries.

### HOW WE PERSONALIZE LEARNING:

- Flexible Schedules for Every Family
- Support You Can Count On
- Mastery-Based Learning at Your Child's Pace
- Creative, Multi-Modal Assignments
- Safe, Values-Aligned Learning
- Opportunities to Connect and Belong
- Ideal for Traveling Families or Expats

## Parent Testimonial

Andrea Campbell, mother of a  
3rd grader and a kindergartner

"CMASAS has given our family a sense of balance and freedom we didn't know was possible. Our kids can learn at their own pace while still having time for the activities they love, ballet, swimming, snowboarding, art, and all the little adventures that make childhood magical.

One of our favorite moments was seeing Monet's Water Lilies in person after they had studied it in their CMASAS art class. Experiences like that make learning meaningful and unforgettable.

The flexibility to learn from anywhere has allowed us to explore museums, national parks, and dozens of states together, all while staying on track academically. And the support from their PEC has helped both kids grow confident, calm, and genuinely excited about learning.

CMASAS has truly been the perfect  
fit for our family."
